Subject Index: Volume 6, 2008

Volume 6, Number 1, May 2008, Pages 1-46
Volume 6, Number 2, September 2008, Pages 47-92
Volume 6, Number 3/4, December 2008, Pages 93-170

18F-FDG-PET
Prognostic significance of (18)F-fluorodeoxyglucose – positron emission tomography after treatment in patients with limited stage small cell lung cancer, 72

Abdominal pain
Applying case definition criteria to irritable bowel syndrome, 9

Abstracts
Selected abstracts from the 14th Annual HMO Research Network Conference, April 13-16, 2008, Minneapolis, Minnesota, 119
Subject index – HMORN 2008, 152
Author index – HMORN 2008, 154

Allen text
Hypothenar hammer syndrome: Case reports and brief review, 3

Alzheimer disease
A potential means of investigating the role of luteinizing hormone in the pathogenesis of Alzheimer Disease, 1

Anemia
Safety issues in different intravenous iron products in the management of anemia of chronic kidney disease, 93

Antifungal agents
Voriconazole-induced photosensitivity, 83

Arthroplasty
Late dislocation after total hip arthroplasty, 17

Ascites
Diagnosis–Addison’s Disease secondary to tuberculosis of the adrenal glands, 29

Blastomyces dermatitidis
Systemic blastomycosis diagnosed by prostate needle biopsy, 24

Blastomycosis
Systemic blastomycosis diagnosed by prostate needle biopsy, 24

Cancer pain
Spinal cord stimulation as a treatment option for intractable neuropathic cancer pain, 103

Candida parapsilosis
Voriconazole-induced photosensitivity, 83

Case definition
Applying case definition criteria to irritable bowel syndrome, 9

Chronic kidney disease
Safety issues in different intravenous iron products in the management of chronic kidney disease, 93

Clinical
Partnering care delivery and research to optimize health, 113

Computed tomography
Diagnosis–Addison’s Disease secondary to tuberculosis of the adrenal glands, 29

Coronoid process fracture
Coronoid fractures of the elbow, 40

Cortisol
Diagnosis–Addison’s Disease secondary to tuberculosis of the adrenal glands, 29

Cystic adrenal hyperplasia
Diagnosis–Addison’s Disease secondary to tuberculosis of the adrenal glands, 29
D

Diabetes complications
Insulin analogs: Impact on treatment success, satisfaction, quality of life, and adherence, 54

Digital ischemia
Hypothenar hammer syndrome: Case reports and brief review, 3

Dislocation
Late dislocation after total hip arthroplasty, 17

DNA sequencing
Late-onset familial amyloid polyneuropathy (FAP) Val30Met without family history, 80

Drainage
Superficial parotidectomy and postoperative drainage, 68

Dysphagia
Dysphagia from extrinsic compression of esophagus by pericardial effusion, 78

E

EKG changes
Classic EKG changes of hypothermia, 107

Elbow injury
Coronoid fractures of the elbow, 40

Elbow instability
Coronoid fractures of the elbow, 40

Elbow trauma
Coronoid fractures of the elbow, 40

Endemic disease
Systemic blastomycosis diagnosed by prostate needle biopsy, 24

Epidemiology
Late dislocation after total hip arthroplasty, 17

Erythrocytosis
Pseudohyperkalemia in serum: A new insight into an old phenomenon, 30

Esophagus
Dysphagia from extrinsic compression of esophagus by pericardial effusion, 78

Expression of concern

F

Familial amyloid polyneuropathy
Late-onset familial amyloid polyneuropathy (FAP) Val30Met without family history, 80

Femoral neck
The neglected femoral neck fracture in young adults: Review of a challenging problem, 33

Genitourinary blastomycosis
Systemic blastomycosis diagnosed by prostate needle biopsy, 24

Gonadotrophin-releasing hormone
A potential means of investigating the role of luteinizing hormone in the pathogenesis of Alzheimer Disease, 1

Neuroendocrine dysfunction in PCOS: A critique of recent reviews, 47

Hand injuries
Hypothenar hammer syndrome: Case reports and brief review, 3

Health care
Partnersing care delivery and research to optimize health, 113

Health care costs
Superficial parotidectomy and postoperative drainage, 68

Hip
Late dislocation after total hip arthroplasty, 17

HMO Research Network
Selected abstracts from the 14th annual HMO Research Network conference, May 13-16, 2008, Minneapolis, Minnesota, 119

Subject index – HMORN 2008, 152

Author index – HMORN 2008, 154

Hyperandrogenism
Neuroendocrine dysfunction in PCOS: A critique of recent reviews, 47

Hypoglycemia
Insulin analogs: Impact on treatment success, satisfaction, quality of life, and adherence, 54

Hypothenar hammer syndrome
Hypothenar hammer syndrome: Case reports and brief review, 3
Hypothermia
Classic EKG changes of hypothermia, 107

Insulin
Insulin analogs: Impact on treatment success, satisfaction, quality of life, and adherence, 54

Integrated delivery of healthcare

Intravenous iron products
Safety issues in different intravenous iron products in the management of anemia of chronic kidney disease, 93

Irritable bowel syndrome
Applying case definition criteria to irritable bowel syndrome, 9

J waves
Classic EKG changes of hypothermia, 107

Length of stay
Superficial parotidectomy and postoperative drainage, 68

Leucocytosis
Pseudohyperkalemia in serum: A new insight into an old phenomenon, 30

Limited stage small cell lung cancer
Prognostic significance of (18)F-fluorodeoxyglucose – positron emission tomography after treatment in patients with limited stage small cell lung cancer, 72

Luteinizing hormone
A potential means of investigating the role of luteinizing hormone in the pathogenesis of Alzheimer Disease, 1
Neuroendocrine dysfunction in PCOS: A critique of recent reviews, 47

Managed care programs

Mycotic disease
Systemic blastomycosis diagnosed by prostate needle biopsy, 24

Neglected fracture
The neglected femoral neck fracture in young adults: Review of a challenging problem, 33

Nerve biopsy
Late-onset familial amyloid polyneuropathy (FAP) Val30Met without family history, 80

Neuropathic pain
Spinal cord stimulation as a treatment option for intractable neuropathic cancer pain, 103

Occupational
Hypothenar hammer syndrome: Case reports and brief review, 3

Osborne waves
Classic EKG changes of hypothermia, 107

Parotid gland
Superficial parotidectomy and postoperative drainage, 68

Patient non-adherence
Insulin analogs: Impact on treatment success, satisfaction, quality of life, and adherence, 54

Pericardial effusion
Dysphagia from extrinsic compression of esophagus by pericardial effusion, 78

Phototoxicity
Voriconazole-induced photosensitivity, 83
