Clinical Medicine & Research

Author Index: Volume 19, 2021

Volume 19, Number 1, March 2021, Pages 1-46
Volume 19, Number 2, June 2021, Pages 47-106
Volume 19, Number 3, September 2021, Pages 107-158
Volume 19, Number 4, December 2021, Pages 159-230

A

Abbas L
Clinical presentation and management of severe acute renal failure in McArdle Disease, **90**

Acar V
Immunohistochemical evaluation of PARP and Caspase-3 as prognostic markers in prostate carcinomas, **183**

Ahmad B
Effect of chloroquine and hydroxycholorquine on cytokine release syndrome in patients with COVID-19, **179**

Ajami Z
Clinical presentation and management of severe acute renal failure in McArdle Disease, **90**

Akhtar MA
From Epidemic to Pandemic: comparing hospital staff emotional experience between MERS and COVID-19, **169**

Amanullah K
From Epidemic to Pandemic: comparing hospital staff emotional experience between MERS and COVID-19, **169**

Andersen KP
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

Aswani VH
An early history of phage therapy in the United States: is it time to reconsider? **82**

B

Bansal P
Metastatic carcinoma of prostate as a mimicker of SAPHO syndrome, **141**

Bassi D
Incidental discovery of a presacral extradural myxopapillary ependymoma, **94**

Berg R
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

Bhandari S
Age, gender and diabetes as risk factors for early mortality in dialysis patients: a systematic review, **54**

Bhattarai M
Social vulnerability indices as a risk factor for heart failure readmissions, **116**

Bøgdal J
An integrated multidisciplinary rehabilitation program experienced by patients with chronic low back pain, **192**

Borgert AJ
Infant vaccinations among mothers with substance-use disorders: a comparative study, **3**

Breiburg A
Aspirin for primary prevention of atherosclerotic cardiovascular disease and colorectal cancer, **1**

Bridgewater JC
Where in the brain do strokes occur? A pilot study and call for data, **110**

Budzak Garza AE
Infant vaccinations among mothers with substance-use disorders: a comparative study, **3**

Buscariolo FF
Immunohistochemical evaluation of PARP and Caspase-3 as prognostic markers in prostate carcinomas, **183**

C

Casillas Jr E
COVID-19: highlighting health disparities in the Los Angeles Latinx Community, **161**

Chan P
COVID-19: highlighting health disparities in the Los Angeles Latinx Community, **161**

Chennamadhavuni A
Twenty-year experience with genitourinary lymphoma at a community hospital, **72**

Choi J
COVID-19: highlighting health disparities in the Los Angeles Latinx Community, **161**

Couto DL
Body weight and muscle thickness changes after hemodialysis: a pilot study with Bayesian approach, **138**

D

da Silva JRD
Body weight and muscle thickness changes after hemodialysis: a pilot study with Bayesian approach, **138**

Delgoffe B
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

E

Elkhidir S
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

Engel J
Modified docetaxel, cisplatin, and fluorouracil (mDCF) as a neoadjuvant chemotherapy for non-metastatic esophageal cancer (nMEC), **64**

F

Fagbemi SO
Modified docetaxel, cisplatin, and fluorouracil (mDCF) as a neoadjuvant chemotherapy for non-metastatic esophageal cancer (nMEC), **64**

Falkenberg-Olson AC
Infant vaccinations among mothers with substance-use disorders: a comparative study, **3**

Fares J
Clinical presentation and management of severe acute renal failure in McArdle Disease, **90**
Sever's disease of the pediatric population: clinical, pathologic, and therapeutic considerations, **132**

Fares MY
Sever's disease of the pediatric population: clinical, pathologic, and therapeutic considerations, **132**

Fernandez FLC
Immunohistochemical evaluation of PARP and Caspase-3 as prognostic markers in prostate carcinomas, **183**

G

Ganguli S
Torticollis as a sole presentation of spondyloarthritis in a 4-year-old child, **203**

Garcia-Montilla RJ
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

Goings D
Where in the brain do strokes occur? A pilot study and call for data, **110**

H

Haidar R
Sever's disease of the pediatric population: clinical, pathologic, and therapeutic considerations, **132**

Hamadeh M
Clinical presentation and management of severe acute renal failure in McArdle Disease, **90**

Hamadeh S
Clinical presentation and management of severe acute renal failure in McArdle Disease, **90**

Hamizan AKW
Recurrent nasal septal hematoma and abscess: a rare manifestation of leukemia, **35**

Handberg C
An integrated multidisciplinary rehabilitation program experienced by patients with chronic low back pain, **192**

Hart M
Metastatic carcinoma of prostate as a mimicker of SAPHO syndrome, **141**

Hassan NU
Effect of chloroquine and hydroxycholorquine on cytokine release syndrome in patients with COVID-19, **179**

Hayter KL
Infant vaccinations among mothers with substance-use disorders: a comparative study, **3**

Hazara AM
Age, gender and diabetes as risk factors for early mortality in dialysis patients: a systematic review, **54**

Hirooka N
Predictive value of the pneumonia severity score on mortality due to aspiration pneumonia, **47**

Holzer RA
Infant vaccinations among mothers with substance-use disorders: a comparative study, **3**

Hong CX
Recurrent nasal septal hematoma and abscess: a rare manifestation of leukemia, **35**

Hope TD
Where in the brain do strokes occur? A pilot study and call for data, **110**

Howard B
STARD adherence in an interventional radiology guideline for diagnostic arteriography, **26**

Husain S
Recurrent nasal septal hematoma and abscess: a rare manifestation of leukemia, **35**

I

Iantorno S
COVID-19: highlighting health disparities in the Los Angeles Latinx Community, **161**

Imran, Manahil
From Epidemic to Pandemic: comparing hospital staff emotional experience between MERS and COVID-19, **169**

Imran, Maryam
From Epidemic to Pandemic: comparing hospital staff emotional experience between MERS and COVID-19, **169**

K

Karivelil M
Where in the brain do strokes occur? A pilot study and call for data, **110**

Khachfe HH
Sever's disease of the pediatric population: clinical, pathologic, and therapeutic considerations, **132**

Khalid I
From Epidemic to Pandemic: comparing hospital staff emotional experience between MERS and COVID-19, **169**

Khalid TJ
From Epidemic to Pandemic: comparing hospital staff emotional experience between MERS and COVID-19, **169**

Khan S
From Epidemic to Pandemic: comparing hospital staff emotional experience between MERS and COVID-19, **169**

Kobayashi T
Predictive value of the pneumonia severity score on mortality due to aspiration pneumonia, **47**

Koehn M
Torticollis as a sole presentation of spondyloarthritis in a 4-year-old child, **203**

Koelmeyer H
Where in the brain do strokes occur? A pilot study and call for data, **110**

Kulkarni A
Social vulnerability indices as a risk factor for heart failure readmissions, **116**

Kuschner WG
Aspirin for primary prevention of atherosclerotic cardiovascular disease and colorectal cancer, **1**

L

Ladak K
Thyrotoxic periodic paralysis: a case report and literature review, **148**

Laylan JM
Infant vaccinations among mothers with substance-use disorders: a comparative study, **3**

Lee JZ
Efficacy and safety of perioperative bridging anticoagulation in patients with atrial fibrillation undergoing elective surgical procedures: a meta-analysis, **19**

Lee MM
COVID-19: highlighting health disparities in the Los Angeles Latinx Community, **161**

Li YH
Modified docetaxel, cisplatin, and fluorouracil (mDCF) as a neoadjuvant chemotherapy for non-metastatic esophageal cancer (nMEC), **64**

M

Maini R
Social vulnerability indices as a risk factor for heart failure readmissions, **116**

McClellan N
Torticollis as a sole presentation of spondyloarthritis in a 4-year-old child, **203**

Movahed MR
Efficacy and safety of perioperative bridging anticoagulation in patients with atrial fibrillation undergoing elective surgical procedures: a meta-analysis, **19**

Munson E
Surveillance of Wisconsin organisms for trends in antimicrobial resistance and epidemiology (SWOTARE): 2018-2019 report on *Enterobacter cloacae* and *Klebsiella pneumoniae* clinical isolates, **123**

Musharrafieh U
Sever's disease of the pediatric population: clinical, pathologic, and therapeutic considerations, **132**

N

Nakamoto H
Predictive value of the pneumonia severity score on mortality due to aspiration pneumonia, **47**

Nakayama T
Predictive value of the pneumonia severity score on mortality due to aspiration pneumonia, **47**

Nasrallah K
Clinical presentation and management of severe acute renal failure in McArdle Disease, **90**

Nayab DE
Effect of chloroquine and hydroxycholorquine on cytokine release syndrome in patients with COVID-19, **179**

Nichols L
Where in the brain do strokes occur? A pilot study and call for data, **110**

Nielsen KO
An integrated multidisciplinary rehabilitation program experienced by patients with chronic low back pain, **192**

Ning WV
COVID-19: highlighting health disparities in the Los Angeles Latinx Community, **161**

Novais AA
Immunohistochemical evaluation of PARP and Caspase-3 as prognostic markers in prostate carcinomas, **183**

O

Onitilo AA
Modified docetaxel, cisplatin, and fluorouracil (mDCF) as a neoadjuvant chemotherapy for non-metastatic esophageal cancer (nMEC), **64**

P

Parajuli P
Social vulnerability indices as a risk factor for heart failure readmissions, **116**

Parikh NS
Torticollis as a sole presentation of spondyloarthritis in a 4-year-old child, **203**

Pasha AK
Efficacy and safety of perioperative bridging anticoagulation in patients with atrial fibrillation undergoing elective surgical procedures: a meta-analysis, **19**

Patel M
Thyrotoxic periodic paralysis: a case report and literature review, **148**

Pathak S
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

Peixoto AMV
Body weight and muscle thickness changes after hemodialysis: a pilot study with Bayesian approach, **138**

Pereira R
Body weight and muscle thickness changes after hemodialysis: a pilot study with Bayesian approach, **138**

Pereira RAM
Immunohistochemical evaluation of PARP and Caspase-3 as prognostic markers in prostate carcinomas, **183**

R

Ramwani R
Incidental discovery of a presacral extradural myxopapillary ependymoma, **94**

Rauf I
Efficacy and safety of perioperative bridging anticoagulation in patients with atrial fibrillation undergoing elective surgical procedures: a meta-analysis, **19**

Regmi MR
Social vulnerability indices as a risk factor for heart failure readmissions, **116**

Reynoso A
Surveillance of Wisconsin organisms for trends in antimicrobial resistance and epidemiology (SWOTARE): 2018-2019 report on *Enterobacter cloacae* and *Klebsiella pneumoniae* clinical isolates, **123**

Rezkalla SH
Author response to "Aspirin for primary prevention of atherosclerotic disease and colorectal carcinoma", **1**

Robinson R
Social vulnerability indices as a risk factor for heart failure readmissions, **116**

S

Salabei J
COVID-19 and the CHA_2DS_2-VASc score: is it time to refine? **159**

Salhab HA
Sever's disease of the pediatric population: clinical, pathologic, and therapeutic considerations, **132**

Schmidt AM
An integrated multidisciplinary rehabilitation program experienced by patients with chronic low back pain, **192**

Sehar B
Effect of chloroquine and hydroxycholorquine on cytokine release syndrome in patients with COVID-19, **179**

Sehgal R
Metastatic carcinoma of prostate as a mimicker of SAPHO syndrome, **141**

Sharma R
Pancreatic acinar cell carcinoma with concomitant bullous pemphigoid, **32**

Shiyanbola O
Modified docetaxel, cisplatin, and fluorouracil (mDCF) as a neoadjuvant chemotherapy for non-metastatic esophageal cancer (nMEC), **64**

Shukla SK
An early history of phage therapy in the United States: is it time to reconsider? **82**
In memoriam: Vijay H. Aswani, MD, PhD (1962-2021). A doctor, a humanitarian, and a phage researcher, **107**

Siddiqui FA
Effect of chloroquine and hydroxycholorquine on cytokine release syndrome in patients with COVID-19, **179**

Siddiqui MD
Efficacy and safety of perioperative bridging anticoagulation in patients with atrial fibrillation undergoing elective surgical procedures: a meta-analysis, **19**

Siddiqui MU
Efficacy and safety of perioperative bridging anticoagulation in patients with atrial fibrillation undergoing elective surgical procedures: a meta-analysis, **19**

Soodi D
Author response to "Aspirin for primary prevention of atherosclerotic disease and colorectal carcinoma", **1**
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

Stankowski-Drengler TJ
Modified docetaxel, cisplatin, and fluorouracil (mDCF) as a neoadjuvant chemotherapy for non-metastatic esophageal cancer (nMEC), **64**

T

Tandan NB
Social vulnerability indices as a risk factor for heart failure readmissions, **116**

Tanimu S
Modified docetaxel, cisplatin, and fluorouracil (mDCF) as a neoadjuvant chemotherapy for non-metastatic esophageal cancer (nMEC), **64**

U

Umukoro PE
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

V

Vallatharasu Y
Twenty-year experience with genitourinary lymphoma at a community hospital, **72**

Van Every MJ
Twenty-year experience with genitourinary lymphoma at a community hospital, **72**

VanWormer JJ
Author response to "Aspirin for primary prevention of atherosclerotic disease and colorectal carcinoma", **1**

Vasser M
STARD adherence in an interventional radiology guideline for diagnostic arteriography, **26**

Vavra D
Pancreatic acinar cell carcinoma with concomitant bullous pemphigoid, **32**

Velasco A
Incidental discovery of a presacral extradural myxopapillary ependymoma, **94**

Virata AR
Metastatic carcinoma of prostate as a mimicker of SAPHO syndrome, **141**

W

Wagner NB
Where in the brain do strokes occur? A pilot study and call for data, **110**

Wayant C
STARD adherence in an interventional radiology guideline for diagnostic arteriography, **26**

Wernberg J
Pancreatic acinar cell carcinoma with concomitant bullous pemphigoid, **32**

Wright B
STARD adherence in an interventional radiology guideline for diagnostic arteriography, **26**

Wu G
COVID-19: highlighting health disparities in the Los Angeles Latinx Community, **161**

Y

Yaacoub Y
Efficacy and safety of perioperative bridging anticoagulation in patients with atrial fibrillation undergoing elective surgical procedures: a meta-analysis, **19**

Yeung-Lai-Wah P
Three-year survival after transcatheter aortic valve replacement: findings from the Marshfield Aortic Valve Experience (MAVE) study, **10**

Z

Zahedi FD
Recurrent nasal septal hematoma and abscess: a rare manifestation of leukemia, **35**

Zeaiter R
Clinical presentation and management of severe acute renal failure in McArdle Disease, **90**

Zeb F
Effect of chloroquine and hydroxycholorquine on cytokine release syndrome in patients with COVID-19, **179**

Zuccari DAPC
Immunohistochemical evaluation of PARP and Caspase-3 as prognostic markers in prostate carcinomas, **183**
